### Hope is a Beautiful Word.

Are you interested in having a more abundant hope? Are you interested in having a healthier more fulfilling hope? God extends a special hope to His people. Hope can take us to a place where our past wounds and mistakes no longer haunt or hamper us. Hope can take us to a place where we can live totally free from that which has bogged us down in the past. Hope can take us to the place of beginning again with a fresh start. Hope can guide us to a region where our relationships are better than we have dared dream they could ever be.

Hope can move us from the monotony of watching time pass by in our life, to getting up every day with purpose. The hope we can find in God allows us to wake up feeling the exhilaration of knowing that today God is going to use our lives to make a difference in the lives of others. Imagine, the Holy Spirit's teaching leading us on an unpredictable, magnificent, transforming *Journey into Hope* from Ephesians and other scriptures. Imagine gaining such a closeness to Jesus along the journey that God progressively infuses us with the transforming power of hope. There is a place of hope and with hope we find that *every day with Jesus is sweeter than the day before*. Hope will surely infuse our hearts with the desire to press on in our journey with Jesus.
