What Is Truth? (continued)

by David Padfield

Truth Is Narrow

In mathematics there can only be one correct answer to any given problem. The same is true in religion. Sincerity alone is not enough (Matthew 7:21-23). Many people teach that it doesn't matter what you believe as long as you are sincere. The fallacy of this idea can be shown by the following statement: If it does not make any difference what you believe about Christ, then it cannot make any difference if you believe in Christ. If it does not make any difference what you believe about how men are saved, then it cannot make any difference if you believe anything about salvation. Will anyone deny it? The same could be said of the church and of God Himself!

Truth Is Binding

When a religiously honest man sees that he is mistaken, he ceases to be one of two things: either he ceases to be honest or he ceases to be mistaken. He cannot remain in error and retain his honesty. Many religious people have remarked, "Well, I don't believe everything my church teaches." If the church of which you are a member is in error, then you are obligated to either change that church or get out. Truth can have no fellowship with error. We must not give aid to any false teacher (2 John 9-11).

Truth Will Judge

In the resurrection day, you will not be judged by what your mother believed, what your father taught you or by what everyone else was doing at the time. You will be judged by the words of Christ (John 12:48). What you know about the truth and your reaction to it will determine what He will say to you on that final day. If we can be of assistance to you in your search for the truth, please contact us. If you do have a Bible, we would be happy to provide you with one.
